Re: District Concerns Potential Rezone Antilles RPUD-
PUDZ-PL20150001459-East end Port Au Prince Drive

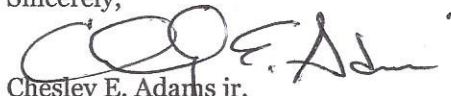

Dear Ms. Caserta,

I represent the Fiddler's Creek Community Development District #1 which overly a portion of the Fiddler's Creek Community. At its April 27th meeting the Board of Supervisors for the District, were made aware of the above referenced and directed me as their manager to submit a letter of concern to you, on their behalf, and in response to the Notice of Neighborhood Information Meeting to be held on May 10, 2016 at 5:30.

Specifically, the District is concerned that a rezone to allow 3 story units would create a compatibility issue with the Fiddler's Creek single story units bordering the Antilles project.

Please insure this letter becomes a part of the public record.

Sincerely,

Chesley E. Adams jr.
Manager, Board of Supervisors
Fiddler's Creek Community Development District #1
